# Greater Woodlands Public Art Foundation

### **Vision:**

This Public Art Foundation is focused on developing greater awareness of the art in public places including the collection of outdoor sculptures in The Woodlands area, produced by world renowned sculptors with an end towards supporting growth in multiple areas (education, local businesses, etc).

This Public Art Foundation will create experiences for those who wish to appreciate art in the region through media and services to increase awareness and appreciation for art in the local community and beyond.

### **Values:**

This Public Art Foundation seeks to build community awareness, encourage educational creativity as well as provide ongoing preservation support for The Woodlands Outdoor Sculptures by increasing awareness for and appreciation of art in The Woodlands region.

### **Mission:**

This Public Art Foundation will increase public awareness of art in public places including The Woodlands Outdoor Sculpture collection and generate interest in and support for the long term care of art contained in the community through media exposure and services, including online, in print and on the ground experiences that enhance awareness of and direct appreciation of art in the surrounding regions.
